IMMUNIZATION REQUIREMENT

2023-2024 7th Graders

All 6th grade students entering 7th grade in the Fall must have a booster of the Tdap (Tetanus, Diphtheria, and Pertussis), and one dose of the meningococcal vaccine prior to starting school. In the last few years, we have seen many cases of Pertussis in the United States. Pertussis can be especially dangerous to infants and children with chronic illness or compromised immune systems. Please be sure that your 6th grader receives these immunizations before he/she enter 7th grade. Students who have not received these vaccines will not be permitted to remain in school. Contact Mrs. Palmer at 330-530-8051 ext. 2006 with any questions or concerns.
