

**South Fayette High School**  
**Online Personal Finance Option**

(Open to students in grades 11 and 12 who are taking AP Biology or AP Chemistry)

Student Name \_\_\_\_\_ Grade \_\_\_\_\_

My student MAY be scheduled into the Online Personal Finance course. I understand that the District will pay fees for the course and I am responsible for all other costs (books, administrative fees, etc.). My child has the motivation and self-discipline to work quietly and independently for one period during the school day. I understand that upon successful completion of this course my student will fulfill the graduation course requirement of the College and Career.

Successfully completing an online course requires self-discipline and self-motivation. Students are allotted one (1) class period each day for the purpose of working on their course. They are expected to arrive with their course materials and work quietly and independently on their course. Any student who fails to complete the coursework within the semester, must reimburse the school district for the cost of the course.

Questions regarding Online Personal Finance and registration should be directed to Mrs. Mary Quirk, Enrichment Coordinator, at 412-221-4542 x 647, or [mbquirk@southfayette.org](mailto:mbquirk@southfayette.org).
