

Services will be purchased in a manner consistent with the board's purchasing goals. Competitive bidding is not required for the purchase of services; however, contracts for services will be made under conditions which foster competition among potential providers when feasible and after careful pricing.

For all purchases and contracts, the board will comply with current federal and state laws.

This policy does not apply to contracts for architectural, engineering, surveying, and construction management at risk services, which are governed by policy 9110, Use and Selection of Architects, Engineers, Surveyors, and Construction Managers At Risk.
