

LEMONADE DAY

AN ENTREPRENEURIAL LEARNING PROGRAM FOR STUDENTS IN GRADES 3 - 5

Stark County Catholic Schools is offering a great opportunity for your elementary student in grades 3 – 5 to be an entrepreneur! “Lemonade Day” Northeast Ohio, is an entrepreneurial learning program which has engaged over 10,000 students. It is presented at no cost due to the generous support of a number of foundations.

Lemonade Day teaches students how to start a business...a lemonade stand! While setting up a lemonade “business” your child will learn skills such as creating a budget, developing a marketing plan, customer service, and profit-making. The program includes sharing some of their profits with charity. He/she will have fun while setting goals and engaging in critical thinking. “Lemonade Day” is being offered as a home activity (its free!) with you as your child’s mentor. The lessons are easy and fun. This is a hands-on project. Be creative! Many past entrepreneurs have built unique lemonade stands, decorated with balloons, introduced a cookie to go with their lemonade, or designed a “company” t-shirt!

Students who participate in SCCS’s “Lemonade Day” are invited to set up their business at our annual Art and STEM Symposium. This year the event will be held Sunday, March 7, 2021, from 1:00 – 4:00p.m. at the Canton Cultural Center for the Arts. There will be plenty of guests who will be eager to purchase great tasting lemonade!

If you would like your child to participate in “Lemonade Day”, please fill out the form below and email it to Jackie Zufall at jzufall@youngstowndiocese.org before **December 15**. The first twenty students to return the form below also receive a Lemonade Day shoulder tote bag! Once your form is received, your child will be included in the Lemonade Day registration for Stark County Catholic Schools.
