

Wayne County Public Schools

Kindergarten Registration

Spring Creek Elementary

May 26th – July 30th, 2020

**Tuesdays and Thursdays only
from 11:00-2:00**

How Do I Register?

1. ONLINE REGISTRATION. This year, WCPS debuts its first online kindergarten registration. Parents should check the Parent Resource Page of the www.waynecountyschools.org website to find the link. We are working to make this online resource as user-friendly as possible. Please contact the school where you are enrolling if you should have any questions. Although you may choose to enroll online, there will be verification documents and other items that must also be submitted. Your child's registration is not complete until all required items are received. Spring Creek will host drive-up dates (as noted at the top of this flyer) for you to drop off required verification documents, health forms and other required items listed on our district website.

2. PRINT & SUBMIT ALL REGISTRATION FORMS ON DRIVE-UP DATES. Parent(s) who would rather not complete the online form, should check the Parent Resource Page of the www.waynecountyschools.org website to find the required forms and other required registration documents. Printing and completing these forms may take a little longer than the online process, but you are welcome to print and complete the forms if you'd like. Registration is not complete until all required items are received. The completed forms and required documents should be submitted on the drive-up/drive-thru dates provided. Please contact the school where you are enrolling if you should have any questions.

3. LIMITED ON-SITE ONLINE REGISTRATION. If you do not have reliable internet access, you may come to the site where you are enrolling during the designated times. The school will provide a space for you to complete the online registration form. In light of the present circumstances, we will only be able to serve five individuals at a time. If possible, parents should have copies of required items available for submission during your visit.

Alternatively, you may pick up copies of printed forms and drop them off, along with required documentation on our Kindergarten drive up-dates. Please contact the school where you are enrolling if you should have any questions.
