

Student Profile for Success: FLVS

Student Profile for Success*

FLVS recognizes that the following commitments/skills facilitate student success in the online educational environment:

- **Communication** – Students are required to communicate with their instructors for a variety of reasons. Students will be required to talk to their teachers via telephone and/or online classroom. Students should respond to their teachers in a timely fashion.
- **Live Lessons** – Participation and attendance in Live Lessons leads to student success in their courses. Students in grades K-5 are expected to have regular attendance to their class time/live lessons. For students in grades 6-12 it is not a requirement to attend Live Lessons for all courses, however, intensive courses and courses with which students are struggling may lead to required attendance.
- **Academic Integrity** – FLVS Full Time requires the original work of all students and in so doing, prohibits plagiarism of the work of others and cheating. Students shall be expected to properly cite the origin of work that is not the student's own. If work content, other than commonly known facts, is not properly cited, attributed, or credited, the work may be determined to be plagiarized.
- **Self-Motivation** – Students should exhibit self-motivation as they must direct their own learning environment and procedures to fulfill course requirements enabling them to achieve individual academic success.
- **Independent Learning Style** – Students should be able to work independently and be able to contact their instructor for support as needed.
- **Computer Literacy** – Students should know basic computer skills such as utilizing electronic email, maneuvering through the Internet, as well as basic keyboarding skills.
- **Time Management Skills** – Students must be capable of organizing and planning their time frame for learning. Students can complete their coursework whenever it is best for them, but they must set aside an adequate and realistic amount of time to complete course requirements.
- **Pace** – Students must follow the pacing guides for course modules as well as individual assignments. These guides can be personalized by the student's teacher to assist the student to manage time realistically and effectively to complete coursework. Students are expected to work in their courses regularly each week.
- **Effective Written Communication Skills** – Students will use email, discussion boards, and essay type questions to communicate with their instructors and peers. The ability to write clearly and communicate ideas and assignments is essential. Students in earlier elementary grades may need additional parent or learning coach support when writing/typing in their courses.
- **Reading Competency** – Students must read at or near grade level in order to be successful in understanding the material presented as all coursework is delivered online in written format. Students in earlier elementary grades may need additional parent or learning coach support when reading through the coursework.
- **Personal Commitment** – Students must have a personal desire to learn and achieve knowledge and skills via online courses because this learning environment has no bells to begin and end classes.

Successful online students are those who decide for themselves that online learning is a choice they have made.
