Laura Pierce graduated from Bath High School in 2005. She was a very gifted and thoughtful writer. She wrote essays about topics she felt strongly about such as human cloning, abortion, courage, September 11<sup>th</sup>, allocation of county funding and others.

She wrote, "True success in life will not be measured by my income or social status, but by my inner serenity, my character, and how hard I strive to better the world".

For this scholarship, write a 500 word essay on one of two subjects-

1. Describe your meaning of success in life which will lead to creating a better world
2. Pick a topic: pollution, overcrowded prisons, political parties, telehealth, public vs. charter schools vs. home schooling, legalizing marijuana etc. First describe the topic or controversy then offer your opinion on how to resolve problems.

The essay chosen for this scholarship will show depth of thought, development of ideas and a conclusion based on these ideas
