

Student Opportunities in Aviation Repair

# Hey seniors: Get ready to SOAR!

## Introducing the Student Opportunities in Aviation Repair (SOAR) co-op!

Join our four-week immersive co-op experience and **earn while you learn**. You will explore several manufacturing career paths in the exciting and growing field of aviation repair.

The co-op program will include **work experience, job shadowing, soft skills training, and fun extracurricular events**. We will have local colleges on hand to discuss blended learning programs. Housing options are available for seniors outside of the Mentor area. Successful completion of the program may result in a full-time job offer.

**Apply online** today if you are a graduating senior with;

- strong work ethic
- high level of curiosity
- good problem-solving abilities
- the desire to learn new skills

In business since 1985, CRT is a privately held company located in Mentor, Ohio. We offer a "family style" environment with ample opportunities for growth at all levels.

CRT is a drug and nicotine free facility.
