

## Supply List for Welding 1 and 2

- Leather boots (without laces)
- Ear protection ( earplugs or muffs)
- Long pants ( should be Carhartt or denim material)
- Locker Lock ( a locker will be provided for supplies)
- 3 Ring Binder 1”
- Leather gloves ( welding gloves/work gloves )
- Safety glasses
- Welding jacket ( flame retardant )
- Welding hood
- Chipping hammer
- Welding Pliers
- Wire brush
- Duffel bag.
- Shade 5 Glasses
- Welding cap
- Any type of Disinfectant ( Spray, Wipes, Ect. )

This year will be a unique year and because of this, I am pushing for all students to have all of their supplies to help with the safety of all students. The welding supplies can be bought through the school at Lincoln Electric for maybe a little cheaper ( a student/teacher program offered to schools). I have attached the prices on the supplies if you will email me with any questions and or with your order I can get it ready for you.

[Price Sheet for supplies](#) ([Ahardin@dcstn.org](mailto:Ahardin@dcstn.org))

We will be acquiring our AWS certification in both Welding I & II this year. To register for the certification through AWS it cost \$15. Once registered this is a two-year registration.

We also will be dual enrolled through TCAT Dickson this year in both Welding I & II. The forms can be picked up from me on the first couple of days of school and will need to be returned for the completion of the registration process. My plan is that all students will be dual enrolled.

If you have any questions please feel free to email me I will be glad to help where I can.
