

Margaretta Local School District

Mr. Edward Kurt, Superintendent

Mrs. Diane Keegan, Treasurer

June 15, 2021

The District will be opening the school year in the fall with in-person instruction and all students attending every day, after the first two to four days in hybrid to start the year. Running a district in the middle of the COVID 19 has no play book, however with most employees vaccinated, we strongly believe that returning to full attendance is the best learning model to attain student achievement. Margaretta Local School District will be in full traditional learning while providing an in district on-line option for those choosing remote learning. We will continue to monitor local and state data and adjust our educational delivery model when necessary. We feel very comfortable in operating in our hybrid option, and our ability to return to this model would be fairly smooth.

Our in-person Full-Time learning building plans and sanitizing/health protocols are well defined, as demonstrate last school year when we were in-person all of second semester, and still remain the same as published in our videos from October. The two videos for the safe return to in-person instruction and continuity of services plans can be reviewed in the two videos on our front page of our Margaretta website or at the links below:

'MHS/MMS Information Video for Full-time Restart':

<https://www.youtube.com/watch?v=awep49mbta4>

'MES Information Video for Full-time Restart':

It is important that mask wearing, hand washing, disinfecting touch points, distancing 3-6 feet, and keeping students and staff exhibiting symptoms of COVID 19 home & follow the Erie County Health Department guidelines regarding returning to school as we move forward. Please contact your building Principal or me at the Board of Education Office if you have questions or concerns.

A handwritten signature in black ink that reads "Edward P. Kurt".

Edward P. Kurt
Superintendent
