

MASTER RESEARCH TOPICS 2019-2020

Adoption (international, interracial)
Adverse childhood experiences
Air pollution
All Lives Matter movement
Alternative medicine/healing
Animal cruelty prevention
Animals (therapy value)
Animals (military use)
Arming teachers with guns
Automobiles (hybrid, electric)
Automobiles (self-driving)
Biofuels
Black Lives Matter movement
Body image issues
Border security
Bullying in schools
Campus violence
Cancer research
Career education
Cell phones in school
Child abuse prevention
Child labor prevention
Child safety
Childhood obesity
Climate change solutions
Cloud computing
College campus safety
College costs
Community colleges
Computer hacking
Computer simulation
Concussion prevention
Coral reef protection
Cosmetic surgery dangers
Crime reduction
Crowdfunding
Cyberbullying (stopping)
Cybercrime prevention
Cyber schools
Digital addiction
Digital currency (Bitcoin)
Digital identity
Distracted driving

Diversity in entertainment
Domestic violence prevention
Drone use in commerce
Drones (agriculture)
Drones (military)
Drug addiction and treatment
Drug testing (students & workplace)
Drunk driving
E-sports (competitive gaming)
Eating disorders (prevention, treatment)
Eco-architecture
Elderly (care & treatment)
Emergency workers (recruiting, safety)
End of life decisions
Endangered species protection
Exotic pets (tigers, etc.)
Facial recognition technology
Fake news
Fire prevention
Flexible work environments
Floods (assistance, rebuilding, prevention)
Foster Care system reform
Gambling online
Gang violence prevention
Gay parenting
Genetically modified food
Globalization
Green technology
Hate crime prevention
Hazardous waste disposal
High school sports (safety, value)
Homelessness in America
Homeschooling
Human trafficking
Hunger prevention (global)
Hunting
Identity theft
Immigration ban
Immigrants (undocumented)
Interracial relationships
Job readiness (high school students)
Justice system reform
Local food movement (farm to table)

LGBTQ rights
Mass shooting prevention
Media bias
Medical research & advancements
Me Too Movement
Mentally ill (treatment)
Military families
Music censorship
Nanotechnology
NASA (funding and importance)
NASCAR safety
Natural disaster response
Nursing Home abuse
Obesity
Ocean exploration
Ocean pollution
Ocean protection
Oil drilling controversy (Alaska, ocean)
Online activism
Online education
Online gambling
Online retail business
Opioid abuse epidemic
Organ donation and transplants
Organic food
Overfishing the oceans
Pay for college athletes
Performance enhancing drug abuse
Piracy (modern day)
Plagiarism
Plastic waste
Poaching prevention
Police reforms
Population control
Poverty
Prison reform
Privacy rights
Protecting wildlife
PTSD
Public transportation
Race relations in America
Rainforest (value, protection)
Road rage
Robotic technology
Sanctuary cities
School bus safety
School lunches
School sports (Pay to Play)

School start times
School uniforms (dress codes)
School violence
Sexual harassment
Social networking (Facebook, etc.)
Special education
Sports violence
Standardized testing (SAT, Keystone)
Stem cell research
STEAM education
Street teens
Student loan debt
Suicide prevention
Teacher strikes
Teen curfews
Teen dating violence
Teen dropouts
Teen drug abuse
Teen parenting assistance
Teen smoking
Teens and driving
Television (cost, cable, censor, etc.)
Terminally ill (care)
Trade tariffs
Trade schools
Transportation safety
Transgender issues
Underage drinking
Unemployment
United Nations
U.S. National Parks
Vaccines
Vaping safety
Vegetarianism
Veterans (treatment, services)
Victims' rights
Virtual reality uses
Volunteering (firefighters, etc.)
Vo-tech education
Voter ID / fraud
Water crisis (droughts, fresh water)
Water pollution (lakes, rivers)
Wildlife habitat protection
Worker shortage (HVAC, tech, etc.)
Working mothers
Youth sports programs
Zero Tolerance school policies
Zoo benefits
