

# United States History Research

## At Red Land High School -

Log-on to the computer, use Google Chrome, open a new window (+ sign at the top, like a tab)

Type go\ (This will show you the High School Portal, other helpful links too)

Select Red Land Library on the left side under Sites

This menu will look exactly like what you see on the library computers

## At Home –

Go to the RLHS, pick Red Land Library (on the left)

Home Access (left side) Use passwords, your teacher may have put these in their Schoology class link

Print copies available in the library

## \*\*Select **Gale Databases**

Under the red bar, click on History United States

This is a custom link that will search the U.S. History Collection (Power Library)

and the U.S. History in Context (WSSD) It is NOT currently searching the Research in Context.

## Americans (Famous people):

Pick Research in Context (search for people use last name, first name)

Then do the custom search that will look at both history databases

We have a great **book collection** to support U.S. History research.

\*\*Look in the RLHS Library Catalog

**World Book Online** is a good source of basic historical information.

Bottom left corner – World Book Products – World Book Advanced

There is an advanced search and even a Boolean option
