Counselors are available to help students with scheduling, testing, college and career planning, or personal counseling as needed. At HMS, we believe all students can excel at any pathway they choose.

We want to expose every student to these pathways through our expanded curriculum offered at the middle school.

Students should consider their future and decide which of these avenues they wish to pursue as they plan their high school career. Students are assigned a teacher advisor when they enter HMS in the 5th grade and will meet with them regularly throughout their time at Harding.

Lockers, Desks, Cabinets

Student lockers, desks, cabinets and similar property are the property of the Steubenville Board of Education provided to the students as a convenience for their use. Lockers and other such property carry no expectation of privacy for the students who occupy them.

School lockers, desk, cabinets, etc. and their contents are subject to search by school authorities at any time without warning. Every student will receive a locker and combination from his or her homeroom teacher. Students are not permitted to share lockers with others and will be responsible for anything that may become lost or stolen. Search of a student and his/her possessions may be conducted at any time the student is under the jurisdiction of the Board of Education if there is a reasonable suspicion that the student is in violation of school rules. A search may also be conducted to protect the safety of others. Failure to comply with a reasonable search will be considered insubordination.

Surveillance Cameras

School Grounds

Once student(s) who are walking or being dropped off by either car or bus step foot onto Harding Middle School/ SCS property, they must enter directly into the school building. They are not permitted to leave school grounds for any reason unless authorized by office staff or administration.

Any student who has been suspended or alternatively placed will not be permitted on Harding Middle School/ SCS property during their suspension or alternative placement. T

This facility and grounds are equipped with a surveillance system. This system may be used to monitor student conduct and to assist in disciplinary action. This system also provides security to our facility, staff and students. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement agencies.

Schedule Changes

Schedule changes will be made only for students who do not have a complete schedule, do not meet minimum requirements or did not get all required courses requested. No schedule changes will be made

for change of electives, to change teachers or to change times of classes. Adjustments to schedules due to conflicts, failures, class closeouts or human error will be made during the first 10 days of the school year or at the administration's team discretion.

Grading Policy

The Board of Education believes that establishing academic standards, evaluating student work and reporting student progress is the responsibility of the teacher. In doing so the teacher must insure reasonable validity and fairness and have records to support the grades issued. Student achievement will be reported using the following grading scale.

GRADING SCALE

A= 90 – 100

B= 80 - 89

C= 70 - 79

D= 60 - 69

F = 59 and below

Grades or progress reports will be assigned for each of the grading periods and exams will be calculated for semester and final averages. Progress reports will be issued approximately midway through each grading period. These reports may request a parental conference for the purpose of outlining sequential methods and practices that will help the student to experience success. If the progress report is not successful in changing the student's performance, parent conferences with the student, assistant principal and/or guidance counselors may be employed to try to help the student.

Academic Awards Assemblies

At the conclusion of each semester the faculty and administration host an academic awards assembly to honor those students who have achieved honors in the various phases of curricular and extracurricular activities, etc. Parents will be informed and invited to attend these awards assemblies.

Facility Usage

No student is to use any facility (gym, weight room, computer lab, ect.) without a staff member being present.

Policies and Procedures

Every student should realize that a successful organization needs rules and regulations and that the acceptance of these rules and regulations is necessary if the organization is to achieve its stated objectives. Policies and procedures at Harding Middle School have been developed to provide efficient movement and conduct of students while under school jurisdiction so that every student can enjoy a school climate favorable to learning. It is not our desire to impose punishment; however, certain controls are in place to help us insure that every student can exercise his or her right to a quality education. Steubenville City Schools may obtain photographs, digitized images, video, and voice recordings of students for educational and informational purposes. Such media and all subsequent uses of media, including publications, become the property of Steubenville City Schools and may be disseminated to the public via appropriate media channels. Parents or guardians have the right to opt out of this policy by submitting a written notification to Steubenville City Schools.

Attendance Policies and Procedures

The purpose of this policy is to give meaning to regular attendance. Section 3321.04 of the Ohio Revised Code states that every parent, guardian or other person having charge of any child of compulsory school age must send such child to a school, which conforms to the minimum standard prescribed by the state board of education, for the full time that school is in session. The statutes governing school attendance are very specific and leave specific guidelines to school authorities for regulation of school attendance. There are occasions when it will become necessary to take disciplinary measures against students, which will result in students not being present (See the misconduct code). Days missed due to suspension may be weighed against days missed due to other reasons. This will be done on a case-by-case basis.

Attendance Policies (Rationale)

- Poor attendance disrupts the continuity of instruction.
- Once lost, instruction cannot be recovered.
- Classroom participation is an important facet of the educational process and cannot be reconstructed.
- A correlation exists between attendance and achievement.

Absences

Excused absences from school can be for the following reasons: *Personal illness, Death in the family, serious illness in the family. Absence for any other reason shall occur only after arrangements have been made with the principal's office. All absences must be confirmed by a phone call from a parent or guardian each day (except for known cases of extended illness). Failure to call the office may result in the absence being treated as unexcused. Please call the main office (282-3481) before 9:00 am

Unexcused Absences

For any unexcused absence the student will receive an "F" in all subjects for that day. Students are responsible to make up work for unexcused absences. Repeated violations may result in conferences, after school detention, ISS or referral to juvenile court.

Tardiness

Students arriving late for first period must receive a slip from the tardy room before reporting to class. No student will be admitted to first period class without a late slip. A student is considered tardy to class if he/she is not in his/her assigned seat ready to work when the bell rings. Tardiness to school, to class or from lunch may result in disciplinary action according to the behavior code.

Doctors Excuses

If a student is absent because of hospital confinement or a doctor's appointment, he/she should obtain an excuse showing the date(s) absent written by the doctor. These excuses should be presented, within five days after returning to school, to each subject teacher and then to the office to be placed in the student's file. If a student is absent due to a death in the immediate family, a call from the guardian is required the day after returning to school. Students may not be given make up privileges and will receive an "F" for all work due if the above procedure is not followed.

Early Dismissal

Students may be dismissed early for school privileges; if other reason see main office. All students must be signed in and out of the building by parent or guardian during school operating hours.

Vacations

The school realizes that parents and students are sometimes confronted with planned absences or vacations. Vacations during the school year are definitely discouraged by the staff and Board of Education. If no alternate arrangements can be made, parents are to make an appointment with the building principal at least one week in advance of the anticipated absence. The granting for approval by the principal for such request will be based on such factors as attendance, current grade average, classroom performance, and teacher recommendations. If approval is granted, assignments will be issued prior to departure and due upon return to school unless some other arrangement is made with the teacher. The approval of a vacation does not give a student the privilege of being absent from school any other days that particular nine weeks. If the vacation exceeds ten (10) days and if the student is absent from school any other days that particular nine weeks, a doctor's excuse is required and parents must set up a conference with the attendance team.

Truancy

Any child between 6 and 18 — defined under Ohio law as the age at which children must attend school — who is absent more than a set number of days without a valid excuse.

Habitual truancy

Habitual truancy - is defined under Ohio Rev. Code 2151.011 as when a student misses:

- More than 30 consecutive school hours without a legitimate excuse;
- 42 or more school hours in a month hours without a legitimate excuse;
- 72 or more school hours in year hours without a legitimate excuse;
- The only legal course for absence is:
 1. In situations where the student is not in a proper physical or mental condition to attend school;
 2. When any child is excused by the School Board in accordance with the School Board's written policy;
 3. Or when instruction approved by the State Superintendent of Public Instruction is being substituted.

When the parent/guardian knows that their child will be absent it is requested that the parent/guardian give the school prior written notice of the upcoming absence. When it is necessary for a student to be absent due to illness or emergency reasons, a parent/guardian is requested to call the school's attendance line before 9:30 am on the day of the absence to indicate the reason for the student's absence so that the school can maintain accurate records. Absences are unexcused until parent/guardian contact is made. All absences must be excused within 24 hours of the initial absence. If the student is seen by a Doctor or a visit to the emergency room is made, A Doctor's note must be turned in within 24 hours of the student's return to school (a Doctor's note can be emailed to the school).

Truancy School Notification Policy

1. The Truancy Liaison or other designated school personnel will make every effort to contact the parents/guardians of any student who has missed three (3) or more days of school.
2. A truancy letter from the school will be delivered to the home once a student reaches five (5) or more days absent.
3. Jefferson County Truancy Liaison will mail a truancy letter to the home once a student reaches six (6) and eight (8) days absent.
4. Family Support meetings will be scheduled for any student who is seen as a possible chronic/habitual truancy risk.
5. If the above-mentioned interventions are not successful the student will be referred to court for further action.
 - a. Possible penalties for Truancy for Juveniles:
 - i. Probation
 - ii. Counseling

- iii. Community Service 35 (Student Handbook 2025-2026) iv. Alternative School v. Detention
- b. Possible penalties for Truancy for Parents/Guardians:
 - i. When a minor fails to report to school without a valid excuse or notification, the minor's parents or guardians can be held accountable.
 - ii. If a child who is habitually or chronically truant is determined to be an unruly or delinquent juvenile, then Ohio Rev. Code 3321.38 allows you as a parent or guardian to be charged with a criminal offense of Contribution to the Unruliness or Delinquency of a Child. Section 3321.38 is the statute that prohibits a parent or guardian from failing to send a child to school.
 - iii. If you're charged with contributing to the unruliness or delinquency of a juvenile, according to Ohio Rev. Code 2919.24, you may be convicted of a 1st-degree misdemeanor. The penalty for a 1st-degree misdemeanor includes up to 180 days in jail and a fine of up to \$1,000.
 - iv. If your child is habitually or chronically truant, Ohio Rev. Code 3321.38 also allows you to be charged with the crime of Nonsupport of Dependents (also known as failure to provide adequate support). This is the same statute used to charge people who don't pay child support. In the context of truancy, the failure to make sure your child attends school can be considered a form of neglect and may result in a charge under Ohio Rev. Code 2919.21 C

Student/Parent Responsibility

It is the student/parent's responsibility to request work. If the child will be absent for more than one day the parent can notify the school in advance and pick up assignments at the end of the day.

Make Up Work

Assignments are available through the Main Office for multiple day absences, Books and materials, however, are the responsibility of the parent (guardian) making the request.

Students who are absent one day...

Will take previously announced quizzes and tests and hand in previously assigned work the day they return to class. Assignments made and/or quizzes/tests given in their absence should be made up upon returning to school.

Students who are absent for multiple days...

Are afforded one day of makeup for each day missed. The student is responsible for conferring with the teacher to arrange a make-up schedule. Teachers will sign off on completed work for the attendance team to review. Again, work previously assigned is due the day of the student's return. If long-term assignments carry a deadline, as opposed to a due date, students are expected to send the assignment to school if they are absent.

In the case of pre-arranged absences...

Students will deliver to teachers all previously assigned work due during their absence the day they return.

A student who checks-in or leaves early...

Is required to hand in assigned work and make up quizzes/tests on that day. The following are examples of this situation: a field trip; medical appointment; excused tardy; or clinic visit. Under extenuating circumstances, at the discretion of the teacher, an extension may be granted for any of these different conditions. Students have the responsibility for discussing these extenuating circumstances with the teacher / attendance team.

Visitors

The school policy is to welcome only visitors who have legitimate business to attend to at the middle school. Guests and visitors must report to the main office for authorization before proceeding through the school. Visitors are expected to leave promptly once their business has been completed. **STUDENTS ARE NOT ALLOWED TO BRING GUESTS TO THE SCHOOL WITH THEM.**

Emergency Procedures

Fire Drills

Fire drills conducted in an orderly manner are a necessary part of the school program. Student will leave the building by following the “fire exit” instructions posted in their classroom.

Tornado Drills

Tornado Alarm Procedures are posted in each classroom. During tornado drills students do not leave the building. Classes have specific locations during these drills.

Lock-Down Drills

Lock down drills will be conducted periodically as a part of the school safety program. Parents/visitors are requested to cooperate in the school’s effort in the operation

A.L.I.C.E

New title of “Lockdown Procedures” The Steubenville City School District has a plan in place to assure the safety of our students and staff in light of an emergency. The plan is known as A.L.I.C.E. and is designed to create a proactive approach for emergency situations.

- Alert get the word out! ○ Use clear, concise language to convey the type and location of the event.
- Lockdown no change from current procedures.
- Allows aggressive use of current technology and procedures.
- Inform communication allows for good decision-making.
- Counter apply skills to distract, confuse, and gain control.
- Aggressive response vs passive response.
- Evacuate - leave the danger area to avoid contact with an intruder.

The philosophy behind the ALICE plan is:

- Utilize technology and information in ways that allow staff and students to make informed decisions.
- Remove as many people as possible from the DANGER zone.
- Provide realistic training so that those “stuck” in the CRISIS Zone have options available to them to enhance their chances of surviving.

The staff and students at all Steubenville City Schools have been trained in ALICE and practiced the procedures during each school year. Full implementation of the program was started at the beginning of the 2018-2019 school year.

Safety is always the number one concern for the Steubenville City School District. We believe that the ALICE safety 15 procedures give our staff and students the best opportunity to survive a crisis should the need arise.

Deliveries

To ensure the safety and well-being of staff and students, deliveries (flowers, balloons, gifts, food, etc.) to Harding Middle School are strictly prohibited. Food cannot be delivered to students by food delivery companies including but not limited to Uber Eats, Door Dash, Uncle Johnny Deliveries and Grub Hub. Any food delivered to Harding Middle School will be returned to the food delivery service. This policy will be in effect for the duration of the school day.

Food Service

A food program is available at each elementary school in the district. Free breakfast and free lunch are available to all students. Steubenville City Schools was selected to participate in a new statewide nutritional program (Provision ii) and the Community Eligibility Option. This will allow us to offer free breakfast and free lunch to all SCS District school children who wish to eat breakfast and lunch during the school year.

Distracting behavior that creates an unsafe environment will not be tolerated. Students are prohibited from using EDs to capture, record, or transmit the words (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member, or other people in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Students are prohibited from using an ED in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. Engaging in such behavior could result in suspension and/or a recommendation of expulsion.

EDs, including but not limited to those with cameras, may not be possessed, activated, or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes.

Students may use EDs for educational or instructional purposes (e.g. taking notes, recording a class lecture, writing papers) with the teacher's permission and supervision.

Violations of this policy may result in disciplinary action and/or confiscation of the ED. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity.

In accordance with HB 1, HB 132, and Ohio Revised Code 2907.323, the possessing, taking, disseminating, receiving, keeping, or sharing of nude, obscene, pornographic, lewd, or otherwise illegal images of photographs, by electronic data transfers do constitute a crime under state and/or federal

law. Any person involved in any of the above can be punished under the code of conduct and may be reported to the appropriate law enforcement agencies. Students and families should be aware of these guidelines as legal charges and/or convictions may result in serious consequences.

Harding Middle School assumes no responsibility for theft, loss, damage, or vandalism to EDs brought onto its property or the unauthorized use of such devices.

Cheating

Students are not to use another's thoughts, ideas or words as their own. Cheating is a serious offense. The following may apply when a student is determined to have cheated:

- a. The teacher will discuss the incident with the student and then send him/her to see a guidance counselor and/or administrator.
- b. The teacher will inform the parents of the facts concerning the dishonesty on the part of the student.
- c. The penalty for cheating is a zero for work covered by the test or assignment.
(Additional punishment may be administered dependent on circumstance)

Care of School Property

It is the responsibility of all students. Students should do their part in keeping the building neat and orderly. If a student writes on or damages a locker, wall, or any other school property, he shall pay to cover the cost of repair or replacement. Work in kind will be acceptable if appropriate. Students owing any obligation in this area will have grades held until all obligations are met. Reasonableness will be a general rule in this area.

Dress and Grooming Code

Students must wear appropriate clothing and footwear at all times. Student clothing and appearance must be appropriate for the educational climate and should not create a safety hazard or distraction to the educational process.

Styles and the names of articles of clothing change frequently. Therefore, it is impossible to list all inappropriate items. In cases where there is a question of appropriateness for school, the principal or assistants will make the final decision. The following articles of clothing and/or accessories are examples of inappropriate wear for school:

- 1) Halter tops, tube tops, tank tops, muscle shirts, net jerseys or any type top which exposes an unusual amount of the upper torso (girls or boys).

- 2) Visible undergarment clothing is not permitted (examples: sports bras, bras, boxer briefs, corsets, etc.)

Consequences:

If a student is sent to the office for a dress code violation, he/she will be given the opportunity to change.

The student will be permitted to call a parent to bring clothes, however the student will remain in ISS while they wait for their parent to arrive.

If a student does not have a change of clothes or if parental arrangements can't be made, the student will spend the remainder of the school day in ISS or be sent home.

Repeated violation of the HMS dress code policy may result in school discipline.

Specific cases not included in this list are at the discretion of the principal or assistant principal.

Backpack/Book-bag Policy

At Harding Middle School, we strive to create the best and safest learning environment for all students. To continue these efforts the administration and teachers see the need to remove backpacks from the classroom. Students may bring backpacks, bookbags, purses, and fanny packs to school but will be required to leave the bags in their locker during the school day.

This policy's intent is to increase safety in the following ways:

- Reduce the ability to conceal weapons, drugs, or other contraband.
- Reducing tripping hazards.
- Create more space and mobility for all, including those with disabilities. Having no backpacks in the classroom will also improve the learning environment by:
 - Decreasing distractions commonly brought into class such as food, electronic devices, and other items.
 - Helping students stay organized. All students are assigned a locker at the start of the year. Students may store their backpacks and book bags in assigned lockers. However, all bookbags will remain in the locker during the day

Dance Policy Rules

Appropriate dress and dance style will be closely monitored and enforced. Appropriate dancing only. If the dancing looks questionable it will be stopped. Lewd dancing will result in the student and /or couple given a warning and after the next infraction being asked to leave the event and phone call to the parent /guardian. The administrator in attendance will be the final judge of appropriateness of dance style.

No personal bags or containers of any kind are permitted.

Any student leaving the dance is not allowed to reenter. Parents will be informed of any unauthorized departure. Students are expected to stay for the entire time allotted for the dance. Arrangement with administration must be made for early departure from the dance. All students must leave within 20 minutes of the end of the function. No loitering in the parking lots. Parents/ guardians please pick up your student within this time limit.

These common policies emerge from our values that recognize the dignity and self-worth of all people. Within this setting, dances are viewed as an opportunity for students to socialize in a safe environment. Students' behavior and attire should reflect this guiding principle.

Students can and will be denied access or permission to attend a school dance if their behavior in school is deemed unacceptable.

School Transportation / Busing

Riding a school bus or any form of school transportation is a privilege, not a right. Violation, under the discretion of the administrator, may result in a loss of riding privileges from 1 day to the remainder of the school year.

Withdrawing from School

Any student who withdraws from school, regardless of the reason, must complete a Withdrawal Form. At this time all textbooks must be returned and all fees and fines must be paid. An official transcript of grades will not be sent until these obligations are met. The parent/guardian must accompany the student and must sign the necessary withdrawal forms.

Alternative Placement

Any student placed in an alternative placement outside of the school are NOT permitted on any school property or to attend any school function while at that placement.

Messages and Deliveries for Students

The office will not accept deliveries such as flowers, balloons, gifts, etc. for students. Arrangements should not be made to have such items delivered to the school. Emergency messages will be delivered to the student immediately. Parent/Guardians and students should not request the Main Office to deliver routine messages.

Student Fan Code of Conduct

Student spectators are expected to act to the higher standards set within the student code of conduct. It is a privilege NOT A RIGHT to attend events. All events are considered extensions of the school day and progressive discipline procedures will be followed. Serious misconduct by student spectators may result in an immediate loss of privilege for one (1) year.

Progressive Discipline

Harding Middle School employs a progressive discipline plan. Students are expected to mature and learn from their mistakes over time. Students with chronic behavior problems, who do not improve during the course of the year, will have increasingly more severe consequences. Students involved in the same incident may, therefore, receive different consequences based on the individual's discipline history.

Student Bill of Rights and Responsibilities

Your Rights and Responsibilities cannot be separated. With your Right comes the Responsibility to be held accountable for your actions.

All students have the Right to:

1. Learn without distraction
2. Be and feel safe on school property
3. Be respected by classmates and school staff
4. Appropriate expression of personal appearance without causing distraction
5. A clean and safe school building

It is every student's Responsibility to:

1. Allow classmates to learn without distraction
2. Seek help in solving problems
3. Respect classmates' personal space and physical movement
4. Obey the school dress code
5. Respect school property and leave the school better than you found it.

Discipline Policy and Code of Conduct Rationale

In order to insure the opportunity to an education for every student, the State of Ohio has given the board of education the authority, by statute, to "make such rules and regulations as are necessary for its governance and the governance of its employees, pupils of its schools, and all other persons entering its school grounds and premises." The discipline system at HMS is designed to correct inappropriate behavior by explaining to students the rationale for rules and policies, and assisting students in identifying ways to improve their conduct. In so doing we hope to instill an attitude of "self-discipline" which will enable students to make good decisions at all times, in all areas of their life.

Disciplinary Consequences

Violations of rules and policies may result in a student being issued a disciplinary sanction intended to prevent further violation of the rule or policy. Whenever possible the consequence will be tied to the infraction but will be issued at the discretion of the administrator (or his/her designee) in consultation with the student, teacher, and other parties involved.

Types of consequences include:

- | | |

| 1. Verbal reprimand | 8. Assignment of in-school or out-of-school suspension |
| 2. Change of seating or location | 9. Community Service (within School) |

Student Conduct System

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character orderliness and efficiency. It is the key to good conduct and proper consideration for other people. With an understanding of the purpose of discipline in a school you may form a correct attitude toward it. This will permit you to do your part in making your school an effective place of learning and assist you in developing the habit of self-restraint, which will make you a better person.

Important terms Involved in the Student Conduct System

Minor Violations

Actions which are a distraction to the educational process, but do not endanger the safety of people or property.

Major Violations

Actions, which constitute a threat to the safety of people or property, are not permissible. Many or frequent minor violations are then considered major violations.

Legal Offenses

The breaking of any law of the United States of America, State of Ohio or City of Steubenville.

Discipline Report

Electronic reports to the office of a violation of the code of conduct.

ISS

An in- school suspension ranging from one period to three days at a time will be given. In ISS, the student is isolated from his classmates and has strict behavior rules to follow. Each student placed in ISS will be given a copy of these rules to read through and will sign that they have been given this opportunity to read the rules. If a student violates the ISS rules he or she will be **suspended from school**. Students in ISS will have the opportunity to receive credit for work done while in ISS under direction of the instructor. A pupil participating in extracurricular activities may lose the right to participate in it for that day.

Suspension Procedures

The Superintendent or designee or the building principal or designee may suspend a student from school for disciplinary reasons outlined in the Student Code of Conduct. No period of suspension will be for more than ten (10) school days. Suspension may extend beyond the current school year; if at any time a suspension is imposed and fewer than 10 days remain in the school year, the Superintendent may apply any or all of the period of suspension to the following school year. During an Out-of-School Suspension students are considered excused. Students are given days to make-up work that coincide with days suspended. Example: if suspended for three days, the student has three days from the return to school date to complete the assignments. **Students who violate Out-of-School Suspension rules are subject to further consequences.**

The following guidelines will be followed for all suspensions.

The student will be informed in writing of the potential suspension and the reasons for the proposed action.

1. The student will be provided an opportunity for an informal hearing to challenge the reason for the intended suspension and to explain his/her actions.

2. Within one school day, a letter will be sent to the parent(s), guardian(s), or custodial parent(s) stating the specific reasons for the suspension and including notice of their right to appeal such action.
3. Notice of this suspension will be sent to the:
 - a. Superintendent or his/her designee
 - b. Student's school record
4. The student will remain suspended for the duration of the suspension until action is taken if there's an appeal.

Expulsion Procedure

The Superintendent may expel a student from school for disciplinary reasons outlined in the Student Code of Conduct. Only the Superintendent may expel a student. Expulsion is the removal of a student for more than ten (10) school days, but not more than a ninety (90) school days duration, unless dangerous weapons are possessed. The Superintendent may expel a student for one calendar year or exclude the student permanently. An expulsion can extend beyond the end of the school year and be applied to the following school year.

The guidelines listed below will be followed for all expulsions:

1. The student and parent(s), guardian(s) or custodial parent(s) will be informed in writing of the potential expulsion and the reasons for the proposed action.
2. The student and parent(s), guardian(s) or custodial parent(s), and/or representative have the opportunity to appear on request before the Superintendent or his designee to challenge the action or otherwise explain the student's actions.
3. This notice will state the time and place to appear which must not be less than three (3) school days nor later than five (5) school days after the notice is given.
4. Within one (1) school day of the expulsion hearing, the Superintendent will notify the parent(s), guardian(s) or custodial parent(s) and the Treasurer of the Board.
5. The notice will include the reason for the expulsion and the right of the student, parent(s), guardian(s) or custodial parent(s) to appeal to the Board of Education or its designee; the right to be represented at the appeal and the right to request the hearing be held in executive session.
6. The student will remain expelled for the duration of the expulsion until action is taken on the appeal.
7. The Superintendent will initiate expulsion proceedings against a student who has committed an act that warrants expulsion even if the student withdraws from school before the Superintendent has held the hearings or made the decision to expel the student.

Emergency Removal of Student

In the case of "normal disciplinary procedures" in which a student is removed from curricular or extracurricular activity for a period of less than 24 hours and is not subject to suspension or expulsion, the due process requirements do not apply. The required notice, hearing and right to appeal is required only when suspension or expulsion is contemplated.

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process either within a classroom or elsewhere on school premises or off the premises while representing the district:

1. The Superintendent, principal, assistant principal or personnel employed to direct, supervise, or coach a student activity program may remove the student from curricular or extracurricular activities or from the school premises.
2. A teacher or personnel employed to direct, supervise or coach a student activity program may initiate an emergency removal of a student from curricular or extracurricular activities to the principal's office. As soon as practicable after making such a removal, the teacher will submit in writing to the principal the reasons for such a removal.
3. If it is probable that the student may be subject to suspension or expulsion, the hearing will be held in accordance with procedures established for suspension or expulsion.

Appeal Process for Administrative Decisions

1. Any administrative decision affecting a student's grades, promotion, or school attendance may be appealed directly to the principal within 48 hours of the action. The appeal must be in writing, stating the reason for the appeal, and signed by the student and parent or guardian.
2. An appeal of the principal's decision must be made within 24 hours of the principal's decision {within three (3) days of the Notice of Intent to Suspend} and must be made in writing to the Superintendent.
3. An appeal of the Superintendent or his designee's decision may be made to the Board of Education, or its designee as follows.
 - a. **SUSPENSIONS.** An appeal to the Board of Education, or its designee, must be made in writing and submitted to the Board office within three (3) days of the Superintendent or designee affirming the suspension.
 - b. **EXPULSIONS.** An appeal to the Board of Education or its designee must be made in writing to the Board Office within fourteen (14) days of receiving the Superintendent's Expulsion Notice. Parents/Guardians/Students may be represented in all such appeal proceedings and will be granted a hearing before the Board or its designee. A verbatim record will be kept of the hearing which may be held in executive session, if so requested.

Appeal to the Court

Under Ohio Law, the decision of the Board of Education or its designee may be made to the Court of Common Pleas.

Code of Conduct

The code of conduct at HMS is progressive from the start of the school year. Repeated violations of the code could result in suspension, expulsion and may be recommended to the Jefferson County Juvenile Court system.

*Major or minor violations do not differentiate severity of offenses. These terms apply to their definitions, which are listed under student conduct system above.

Searches of School Property Assigned to a Student

The following rules apply to the search of school property assigned to a student (locker, desk, automobile, etc.) and the seizure of items in the student's possession.

1. General housekeeping inspection of school property may be conducted with reasonable notice.
2. A search of a desk or other storage space may be conducted where there exists reasonable cause for school authorities to believe that the area being searched contains evidence of a crime or violation of school rules.
3. Search of other areas assigned to a student should be for a specifically identified item and should be conducted in the presence of the student and with the student's knowledge.
4. Items, the possession of which constitutes a crime or violation of school rules, or any other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities at any time.

Searches of a Student's Person or Personal Property by School Personnel

Principals and their designee are permitted to search the person and personal property (purse, knapsack, gym bag, etc.) of a student when there is reason to believe that evidence will be obtained indicating the student's violation of either the law or school rules. The following results apply in such cases:

1. There should be reasonable cause to believe that the search will result in obtaining evidence which indicates the student's violation of the law or school rules.
2. Searches will be conducted by a member of the same sex as the student.
3. Search will be conducted in the presence of another administrator or staff member (conducted privately and away from other students).
4. Parents(s)/guardian(s) of a minor student who is the subject of a search will be notified of the search and will be given the reason(s) for the search, as soon as feasible after completion of the search.

The Superintendent may reduce the one-year expulsion on a case-by- case basis. Matters, which might lead to a reduction of the expulsion period, include: the age of the student and its relevance to the punishment; the prior disciplinary history of the student; and/or the intent of the perpetrator. The definition of a firearm shall include any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in 18 U.S. Code, Section 921.), which includes any explosive, incendiary or poisonous gas, bomb, grenade, rocket having a propellant char of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above. Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are:

- The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The school official will decide for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records what the parent or eligible student believes are inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write to the school principal clearly identifying the part of the record they want changed and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA.

I. Prohibited Conduct

This Policy applies to students, employees, and third parties.

"Prohibited Conduct" under this Policy includes all of the following, when they occur in the context of a District program or activity:

1. Discrimination based on sex ("Discrimination")
2. Sexual Harassment
3. Gender-based, non-sexual harassment
4. Retaliation against individuals participating in an informal complaint or formal complaint brought under this Policy.

Prohibited Conduct is prohibited in connection with all District programs and activities, including all educational extracurricular, co-curricular, athletic, and other program of the District, regardless of whether those programs take place in District facilities, on a school bus, at a class or training program sponsored by the district at another location, or elsewhere.

A determination as to whether Prohibited Conduct has occurred can consider incidents that occurred off school grounds and/or outside of the district's educational programs or activities, if the conduct is alleged to have created a hostile environment within the district's programs or activities. ²

For purposes of this Policy, it is presumed that all conduct of a sexual nature by a District employee directed toward a student is "unwelcome," regardless of the age of the student. While such conduct may not always rise to the level of Prohibited Conduct under this Policy, such conduct is inappropriate, unprofessional, and shall result in disciplinary, educational, or other actions against the employee as appropriate.

- A. Discrimination** – Discrimination, for the purposes of this policy, includes any of the following, when they occur on the basis of sex.
- a. Treating one student differently from another in determining whether the student satisfies any requirement or condition for the provision of any aid, benefit, or service;
 - b. Providing different aid, benefits, or services or providing aid, benefits, or services in a different manner;

- c. Denying any student any such aid, benefit, or service;
- d. Subjecting students to separate or different rules of behavior, sanctions, or other treatment;
- e. Aiding or perpetuating discrimination against a student by providing significant assistance to any agency, organization, or person that discriminates on the basis of sex in providing any aid, benefit, or service to students; and
- f. Otherwise limiting any student in the enjoyment of any right, privilege, advantage, or opportunity.

B. Sexual Harassment – Sexual harassment is unwelcome conduct of a sexual nature under one of the following circumstances:

- a. Submission to or rejection of this conduct explicitly or implicitly affects an individual's employment, academic performance, or educational environment; or
- b. The conduct is sufficiently severe, persistent, or pervasive such that it limits the ability to participate in or benefit from the education program, or creates an intimidating, threatening, or abusive educational environment. This is considered from both an objective and subjective standpoint and considers relevant circumstances, expectations, and relationships.

Sexual Harassment includes, but is not limited to:

- 1. Unwelcome sexual advances;
- 2. Request for sexual favors;
- 3. verbal, nonverbal, or physical conduct of a sexual nature;
- 4. sexual assault;
- 5. sexual violence

C. Gender-Based, Non-Sexual Harassment

Acts verbal, nonverbal or physical aggression, intimidation or hostility based on sex, but not involving sexual activity or language, constitutes gender-based, non-sexual harassment under one of the following circumstances:

- 1. Submission to or rejection of this conduct explicitly or implicitly affects an individual's employment, academic performance, or educational environment; or
- 2. The conduct is sufficiently severe, persistent, or pervasive such that it limits the ability to participate in or benefit from the education program, or creates an intimidating, threatening, or abusive educational environment. This is considered from both an objective and subjective standpoint and considers relevant circumstances, expectations, and relationships.

D. Retaliation

Retaliation against any individual who files a complaint or participates in a harassment inquiry is strictly prohibited.

II. All Employees Must Report Prohibited Conduct

All District employees who become aware of Prohibited Conduct are obligated to report such conduct to the Title IX Coordinator as soon as possible but in no case later than two (2) business days. District employees who fail to report Prohibited Conduct may be subject to discipline, up to and including termination.

Where Prohibited Conduct also may constitute child abuse or neglect, employees who are mandatory reporters are also required to report such abuse or neglect to Children Services and/or Law Enforcement, as is required by law. The Title IX Coordinator should be informed that such a report has been made when Prohibited Conduct is involved.

Where Prohibited Conduct may constitute a felony, all employees are required by law to make a report to law enforcement. See Section VI, below, for more information.

III. How to File a Complaint

If a student, employee, or community member believes that they have been subject to Prohibited Conduct, they should immediately contact the Title IX Coordinator to discuss their options and rights under this Policy, as well as other available resources, including filing a complaint with law enforcement, accessing counseling services, or working with other community agencies that may provide assistance.

A Complainant is a person who has allegedly been subject to Prohibited Conduct, even if they are not the person who reports the Prohibited Conduct initially. A Respondent is a person who has allegedly committed Prohibited Conduct under this Policy.

A Complainant may pursue a complaint informally or formally. If allegations of Prohibited Conduct are reported by someone other than the Complainant, the Title IX Coordinator shall consult with the Complainant before determining, in his or her discretion, how to handle the allegations.

When a complaint comes to the attention of the Title IX Coordinator, the Title IX Coordinator shall consider whether interim measures of protection should be implemented during the complaint process to help ensure the safety and well-being of the Complainant and the school community. The Title IX Coordinator shall consult with the Complainant and/or their parent/guardian before determining the appropriate interim measures of protection, but interim measures of protection are within the sole discretion of the Title IX Coordinator.

Examples of interim measures that may be available include, but are not limited to, class/work schedule changes, seating changes, counseling, additional supervision of students, restrictions on contact between the parties, and academic or work accommodations.

a. Informal Complaint Resolution

Complainants may choose to file a complaint informally. The Complainant may submit a written statement, or, if preferred, speak with the Title IX Coordinator or another administrator who will write a summary of the allegations. The Title IX Coordinator will discuss with the Complainant and/or parent/guardian, if appropriate, ways in which the situation could be address informally. This may include dispute resolution mechanisms such as informal discussions, confidential mediation, educational sessions, or other informal resolutions as deemed appropriate by the Title IX Coordinator and agreed to by both the Complainant and Respondent. Informal resolution does not require that the Complainant resolve the problem directly with the Respondent.

Informal Complaint Resolution is generally available in all situations except where the allegations involve sexual assault. Either party may end the Informal Complaint Resolution process at any time, and the Complainant may choose instead to file a formal complaint. The Title IX Coordinator may also, in his or her discretion, determine that Informal Complaint Resolution is inappropriate in a given situation, such as where the allegations are sufficiently serious as to suggest a need for additional investigation and response by the District.

Where a complaint is resolved informally, the Title IX Coordinator shall document the resolution.

B. Formal Complaint Resolution

Complainants may choose to file a formal complaint with the Title IX Coordinator. The Complainant may submit a written statement; otherwise, the Title IX Coordinator will write a summary of the allegations. The Title IX Coordinator may conduct the investigation or may designate an unbiased individual, generally a building-level administrator, to conduct the investigation. Where the Title IX Coordinator conducts the investigation, he or she may review and use initial investigative information provided by the building-level administrator if applicable. Investigations will be conducted in an adequate, reliable, and impartial manner.

Both the Complainant and Respondent will be provided with notice of the investigation and will be offered an equal opportunity to provide information regarding the allegations, suggest witnesses, and provide evidence to the investigator. The complaint may be investigated without the participation of one or both parties.

The investigation will generally be completed within thirty (30) business days, although this timeline may be extended for good cause by the Title IX Coordinator, such as where the investigation is complex, where the alleged conduct is serious or extensive, where there is a concurrent criminal investigation, or where the investigation occurs partially during school breaks. The Title IX Coordinator may, if appropriate, provide the parties with updates about the status of the investigation.

At the conclusion of the investigation, the investigator shall prepare a written report that identifies:

1. the allegations investigated;
2. the policies, handbook provisions, or other requirements that are alleged to have been violated;
3. a brief summary of the steps taken to investigate the allegations;

4. a brief summary of the evidence that was discovered;
5. a determination by a preponderance of the evidence as to whether there is sufficient information to support a finding that the policies/provisions were violated with regard to the allegations; and
6. if Prohibited Conduct is found to have occurred, whether any steps have already been or will be taken to eliminate the discrimination or harassment, prevent its recurrence, and address its effects

If the Title IX Coordinator did not conduct the investigation, the investigator shall provide a copy of the written report to the Title IX Coordinator and the Title IX Coordinator shall, if appropriate, refer the report to the appropriate administrator(s) for disciplinary action, if such action has not already been taken. The range of disciplinary sanctions that may be available and appropriate include but are not limited to educational programs, detentions, in-school suspension, out-of-school suspension, expulsion, reprimand, involuntary leave, termination, and prohibition against entering District property or attending District activities.

In addition to the above, where the Title IX Coordinator did not conduct the investigation, the Title IX Coordinator shall consider whether any further steps are necessary to eliminate the discrimination or harassment, prevent its recurrence, and address its effects, and if so, such steps shall be documented in an attachment to the report.

At the conclusion of the process, each party shall be notified by the Title IX Coordinator as to whether Prohibited Conduct was determined to have occurred and any steps taken to eliminate the Prohibited Conduct, prevent its recurrence, and address its effects. Notice provided shall be consistent with state and federal laws regarding confidentiality of student records.

IV. Appeal

Either party may appeal the determination by providing written notice to the Superintendent within five (5) business days of receiving notice of the conclusion of the investigation. Such appeal may be on the grounds of:

- Newly discovered evidence not available during the investigation;
- Procedural errors that substantively affected the outcome of the investigation to the appealing party's detriment; and/or
- An abuse of discretion on the part of the investigator.

The grounds for the appeal must be stated in the written appeal.

The other party will be notified of the appeal and will be given three (3) business days to respond to the appeal in writing to the Superintendent. The Superintendent will notify the parties in writing of his or her decision within ten (10) business days of receiving the appeal. The Superintendent may affirm the findings, reverse the findings, or alter the findings as deemed appropriate in his or her discretion. There is no further appeal from the determination of the Superintendent.

Any of the deadlines in this section may be extended by the Superintendent for good cause shown.

Note that appeals of disciplinary sanctions are not handled through this policy. Instead, they will be handled through the appeals procedures that would typically apply based on the identity of the respondent.

V. Confidential Reporting and/or Request for No Action

The District has an obligation to make reasonable efforts to investigate and address instances of Prohibited Conduct when it knows or should have known about such instances, regardless of the Complainant's cooperation and involvement.

Complainants may make a confidential report through the Title IX Coordinator. The Title IX Coordinator will evaluate the request for confidentiality and make a determination in his or her discretion as to the extent to which the District can adequately fulfill its obligations to address instances of Prohibited Conduct without revealing the identity of the Complainant. All complaints made under this Policy will be kept private to the extent possible consistent with the District's obligations under this Policy.

If allegations of Prohibited Conduct are brought to the attention of the Title IX Coordinator but the Complainant does not wish to pursue a complaint through this process, requests that such allegations are held in confidence, or refuses to respond to the Title IX Coordinator, the Title IX Coordinator will review the available information and make a determination in his or her discretion as to whether an investigation will be conducted.

Factors to consider in determining whether the District will pursue an investigation in these circumstances may include, but are not limited to, the ages and relationship of the Complainant and Respondent, the seriousness of the alleged misconduct, whether the complaint can be reasonably pursued without cooperation from the Complainant, whether any laws are alleged to have been violated, whether the Licensure Code of Professional Conduct for Ohio Educators is implicated, where the allegations include circumstances that suggest an increased risk of future Prohibited Conduct by the Respondent, and whether other Prohibited Conduct has been previously reported against the Respondent.

VI. Reporting to Law Enforcement

Except in certain limited circumstances involving privileged communications, such as those between a counselor and patient, all Ohioans are required to report when they know that a felony has been or is being committed. Therefore, when a District employee has reason to believe that a sexual assault may have occurred, regardless of whether the assault is alleged to have occurred in relation to the District's programs or activities, the District employee is obligated to report that information to law enforcement as soon as possible. If the sexual assault occurs in relation to the District's programs or activities, the District employee must also report that information to the Title IX Coordinator and provide the Coordinator with information on when contact was made with law enforcement.

The District will cooperate fully with law enforcement investigations regarding Prohibited Conduct, and will communicate with law enforcement to coordinate its investigation under this Policy. It may be necessary to suspend the District's investigation temporarily to allow law enforcement to investigate criminal allegations while the law enforcement agency is in the process of gathering evidence. However,

because legal standards for criminal investigations are different from those involved in investigating violations of District policy, police investigations or reports may or may not be determinative of whether Prohibited Conduct occurred under this Policy. If a temporary suspension in the District's investigation is requested by law enforcement, the District will promptly resume its Title IX investigation as soon as it is notified by the law enforcement agency that it may do so.

Where law enforcement requests personally identifiable information from educational records for purposes of its investigation, the District will comply with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g and 34 C.F.R. Part 99.

VII. Education

The Title IX Coordinator shall work with other District staff members and/or outside resources as appropriate to plan and promote education and training sessions for employees and/or students regarding topics relevant to this policy.

Notice and Consent/Opt-out for Specific Activities

The Protection of Pupil rights Amendment (PPRA), 20 U.S.C. § 1232h, requires School Districts to notify parents/guardians and obtain consent or allow to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas: Political affiliations or beliefs of the student or student's parent; Mental or psychological problems of the student or student's family; Sex behavior or attitudes; Illegal, anti-social, self-incriminating, or demeaning behavior; Critical appraisals of others with whom respondents have close family relationships; Legally recognized privileged relationships, such as with lawyers, doctors, or ministers; Religious practices, affiliations, or beliefs of the student or parents; or Income, other than as required by law to determine program eligibility.

This also applies to the collection, disclosure or use of student information for marketing purposes, and certain physical exams and screenings.

Parental Involvement in Education

The Board believes that parent / guardian involvement is an important part of the educational program. All parents/guardians of students enrolled in the district are encouraged to take an active role in the education of their children, and such persons will be informed of the following:

- The importance of the involvement of parents and foster care givers in directly affecting the success of their children's or foster children's educational efforts.

The Steubenville City School Extra -Curricular Code of Conduct is approved by the Board of Education as a part of Harding Middle School Student Handbook and exists as guidelines. The Superintendent and/or designee reserve the right to amend and/or deviate from these guidelines as they deem appropriate.

Steubenville City School District – Athletic Code of Conduct

The Steubenville City Schools board of Education recognizes that participation in athletics is a Privilege, not a right, and that those students involved in athletic competition participate voluntarily under certain obligations and restrictions required of all team members. The Board of Education believes that due to high visibility, student-athletes have a strong influence on members of the student body as well as the community. A student-athletes conduct while representing a team, traveling to or from an event, as well as in the community, is seen as a direct reflection upon the athletic program and the standards of Steubenville City Schools. This Code of Conduct applies at all times to all Steubenville City School student-athletes, whether in or out of school.

To allow that each student-athlete reaches his or her potential, a degree of self-discipline is required of each participant. Self-discipline involves compliance with rules and regulations regarding personal behavior. Rules promote order and safety and assist participants to achieve maximum performance potential.

The nature of competitive athletics demands that each participant attain and maintain his or her best possible physical and mental condition. Student-athletes involved in the athletic programs shall not possess, use, sell, offer to sell, deliver, conceal, consume, or be under the influence of any drugs of abuse; alcohol, tobacco, tobacco-related products, illegal drugs, controlled narcotics, intoxicants, steroids, or other performance-enhancing drugs, or any substance that is directly or indirectly represented to be a drug of abuse (or look-alike). Use of drugs authorized by a medical prescription for the student-athlete from a licensed physician shall not be considered a violation of this policy.

In a case where the student-athlete possesses, uses, is under the influence of, sells or distributes drugs, alcohol, tobacco, or any chemical either on or- off school property or at a school related

activity, the student-athlete may be, but is not limited to being, suspended or expelled from school, denied the privilege to participate in athletics according to the handbook, counseled in school, referred to an outside counseling agency and reported to the law enforcement authorities. The specific course of action will be determined after the consideration of all factors in the case by the coach, athletic director, or principal.

Student-athletes who are under the Athletic Code of Conduct are representatives of Steubenville City Schools and are expected to behave as model students and citizens in and out of school. Student-athletes may be denied participation for display of behavior, which reflects negatively on the student, team, or school. Denial will be determined by the high school administration and or coach according to the severity of the infraction.

This regulation shall be posted in a central location in each school building, and each student-athlete shall receive and acknowledge receipt of this regulation before commencement of the season of the sport being played.

Athletic Waivers/ Participation

Athletic waivers will be granted in accordance with OHSAA rules and regulations. Open enrollment students who wish to participate in City school athletic programs will also follow OHSAA rules and regulations. All eligibility guidelines will follow the rules of eligibility standards set by the OHSAA.

Appendix A

Definition of Bullying

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behavior that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behavior is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders.

Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

What bullying is not

- single episodes of social rejection or dislike
- single episode acts of nastiness or spite
- random acts of aggression or intimidation
- mutual arguments, disagreements or fights.

These actions can cause great distress. However, they do not fit the definition of bullying and they're not examples of bullying unless someone is deliberately and repeatedly doing them. If Bullying is suspected contact the building principal or see contact information on page 5.

HAZING AND BULLYING

(Harassment, Intimidation and Dating Violence)

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the principal designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written summary of all reported incidents and post the summary on the District's website, to the extent permitted by law.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students and by November 30 annually reports to the Ohio Department of Education compliance with this requirement through the consolidated school mandate report. If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action.

Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.
