Steubenville City School District
Parent Information on Intra-district Open Enrollment

Revised: 2/2024

1. Parents requesting to have their children attend an alternative elementary school in the district for the next school year must submit an application for this placement between April 1st and April 30th of each calendar year to the superintendent.
2. Applicants shall be considered according to date of application on a first-come, first-served basis; however, students enrolled or living in the attendance area of a school building shall be given preference over applicants.
3. Applicants may be rejected for one or more of the following reasons, as provided by Section 3313.97 of the Ohio Revised Code:
 - a. If grade level/course capacity reaches reasonably accepted limitations. Maximum student enrollment twenty-six (26) per class.
 - 1.) These limitations shall take into consideration the special education students being mainstreamed into regular classrooms.
 - 2.) Administration reserves the right to add or reduce classrooms as dictated by enrollment to minimize busing of students from one elementary attendance area to another. These changes will be made prior to the processing of transfer requests.
 - b. If a student enrolled or living in the attendance area of a school building would have to be displaced.
 - c. If a student has been suspended or expelled for ten or more consecutive days during the school year in which the application has been made.
 - d. If minority balance of either the sending or receiving school would be negatively impacted, then the superintendent shall have individual discretion in this matter.
4. To maintain continuity of programs and prevent displacement of students from their elementary school of residence, students must remain in the new school the entire year. An application for transfer is approved for only one year.
5. Parents shall be notified by the superintendent of the application acceptance or rejection by June 1st of each calendar year. No transfers will be granted after this date until the next open enrollment.
6. Transportation of students transferred at parental request shall be the sole responsibility of their parents/guardians; however, existing bus routes may be utilized when convenient to assist parents in this process.
7. Students receiving special education services will continue to be assigned to schools where the services specified in the student's individualized education program are available.
