

July 16, 2020

Hello Auburn Community,

Thank you for your patients as we prepare for Back to School for the 2020-2021 school year.

I encourage you to go to our website at [auburncc.org/COVID-19](http://auburncc.org/COVID-19) for the latest communications and updates. You will also find the: [Reset and Restart for Career and Technical Education](#), [The Reset and Restart Planning Guide from the Ohio Department of Education](#), and the [COVID-19 Health and Prevention Guidance for K12 Schools](#) along with the Back to School Plan for Auburn Career Center.

The Back to School Plan was approved by the Lake County Health District and is available on our website at [auburncc.org/COVID-19](http://auburncc.org/COVID-19). The state of COVID-19 continues to change and our plan will evolve to meet those changes and related recommendations from the Health District. As always, we will keep you posted as information is made available. Please check our website for any updates.

In coordination with our need to support our staff and teachers and prepare for the start of the school year, we plan to move our first day of school for students to August 18th. This is one day later and is intended to allow for additional professional development for employees. This additional day provides three total days at the beginning of the year for our team to train and be prepared.

We have a New Student Orientation scheduled for the evening of August 13th. Please watch for communications coming from us for specific times and details regarding that event.

We care deeply about our entire community and continually work toward providing the best educational experience possible. As always, please contact us should you have any questions or challenges that need our attention.

Thank you,  
Dr. Brian Bontempo

Superintendent
