

**Antwerp Middle/High School
2021/2022 Assigned Device Program**

Parent/Student Acknowledgement of the Assigned Device program

I, _____ and _____,
(Please PRINT parent/guardian name) (Please PRINT student name)

have thoroughly read the Antwerp Student Network and Internet Acceptable Use and Safety Policy in the Student Handbook and the "Assigned Device" Program guidelines for the 2021 - 2022 school year. For the past few school years, the Antwerp Local School District has made a concerted effort to assure that every student in grades K-12 has had a high-quality computer device assigned to them that they can use at school and at home. During the same time period, the administration has considered how best to carry out the plan with respect to logistics and cost associated with wear and tear, batteries, and cases for the devices. As a means to assure the continuation of this program and awareness of the economic situation many families are facing, students will be assessed a \$10.00 Assigned Device cost for the 2021-2022 school year. Students in grades 6-12 will be permitted to take their assigned device home and bring it back to school on a daily basis.

Please note that the \$10.00 technology fee for grades 6-12 included in your child's fee schedule is a separate cost for printing, licenses, and subscription costs associated with curriculum courses.

Please detach and return this form with payment to the office by Tuesday, September 7, 2021
