COLLEGE CREDIT PLUS PROGRAM AT WRIGHT STATE UNIVERSITY

The College Credit Plus (CCP) program allows students an opportunity to earn college credits while still in high school.

By taking college-level courses through Ohio colleges or universities at little or no cost, students can earn high school and college credits simultaneously.

While your school district may have an agreement with Wright State allowing you to take specific courses at your high school, you can also elect to take other courses, either in person or online, at our Dayton or Lake Campuses.
