Date: December 12, 2020  
Re: Notification of positive COVID-19 test of a staff member in Bloomfield-Mespo Local Schools

This memorandum is to inform you that the district received notification that a staff member in the Bloomfield-Mespo Local Schools has tested positive for COVID-19. While we must protect the privacy of the person involved, we wanted to take this opportunity to communicate with you regarding the facts of the situation.

- We have consulted with the Trumbull County Health Department and the Health Department has concluded that there is *not* a need for any other individuals in the Bloomfield-Mespo Local School District to quarantine or isolate as a result of this notification.
- Because this case has not resulted in any additional necessary precautions or quarantines, the Bloomfield High School building will continue with remote instruction and learning through January 4, 2021.
- The District will continue to follow all COVID-19 related safety procedures. Please be cautious of the symptoms of COVID-19, which include fever, cough and shortness of breath. If you or any member of your family exhibit these symptoms, please contact your medical provider for advice immediately. Symptoms usually appear 2-14 days after exposure.

There is nothing more important to the District than the safety and health of our students, our staff and their families. Rest assured that the administration is constantly working with the Trumbull County Health Department to ensure that we are following all safety procedures and guidelines.
