

## DRESS REGULATIONS – 2022-2023 SCHOOL YEAR

The purpose of dress code is to promote an environment conducive to learning, to encourage students to take pride in their appearance, and to eliminate competition in dress. A neat, professional appearance is required of all our students. Students and parents share the responsibility for the students' proper dress and grooming. Grooming and mode of dress should reflect modesty and be appropriate for school. A persons' mode of dress should not be a distraction to students or faculty.

Students are expected to be in dress code from arrival until departure from school, unless involved in an activity that requires different attire. Students who are in violation of the dress code may be issued a conduct card, points deducted, and a detention assigned. Students in serious violation are responsible for calling parents for a change of clothing to correct the violation. The faculty may deny admittance to class to those students who are out of dress code.
