January 21, 2019

Dear Parents/Guardians/Caretakers:

As a school system, we are committed to creating and sustaining a comprehensive, coordinated effort to improve the overall safety and well-being of our students, educators and administrators.

To do this, we believe this must involve community-wide programs and initiatives involving parents, teachers, administrators, local law enforcement, mental health & wellness professionals and elected officials to take meaningful action to protect our students.

On January 14, 2019 the “Safe2Say Something” (S2SS) anonymous reporting system was launched. This program, which is mandated under PA state law / Act 44, teaches students, teachers, and administrators how to recognize warning signs and signals, especially within social media, of individuals who may be a threat to themselves or others and Say Something to a trusted adult OR use its anonymous reporting system. Specifically, the program educates participants in **grades 5-12** to:

- Recognize the signs and signals of at-risk behaviors – especially within social media
- Take every sign and signal seriously; act quickly to get help by talking to a trusted adult OR
- Report it anonymously through the S2SS Office of the Attorney General 24/7 Crisis Center, mobile app, or website
- Respond to and manage the submitted tip via a school-based multi-disciplinary educator and administrator teams
- Sustain the curriculum and awareness via student clubs, in-school activities and call-to-action weeks

Our students often are aware of the problems their peers are facing, so we must empower them to know the danger signs and give them the tools to help each other with the assistance of trained and caring adults. As you know, most conversations are taking place on social media, therefore it is critical that we teach our students to be looking out for one another as these digital conversations are taking place. S2SS teaches them what to look for in text, video and photos while empowering them to act quickly to help a fellow student.

The S2SS program is being provided through Sandy Hook Promise (SHP), a nation-wide non-profit organization. SHP’s programs are in 50 states – with 10,000+ schools and over 5.5 million students and adults trained. They have a track record, reputation, and knowledge of how to work effectively with kids, parents, and teachers to improve school safety and culture. The program is age-appropriate and research-based.

We anticipate that S2SS will help stop school shootings, suicides, and gun threats; it will help reduce bullying and cyberbullying; help intervene upon cutting, drug use, racial conflicts, and other violent and victimization acts. Students in grades 5-12 will be provided information about what Safe2Say is and how to use it the week of January 21, 2019.

If you have questions or concerns, please do not hesitate to call or email Officer Jeremy Bogdanski or your building principal.

Sincerely,

Dr. Amy M. Burch, Superintendent

Mr. Jeremy Bogdanski, Director of School Police and Security
