EXCEL AFTER THE BELL

When school's out, you can trust the Y to provide an engaging experience for your child after school. Before & After School Care gives your child the opportunity to get to know some of their classmates better as they engage in active play and collaborate on fun projects. In the process, they'll continue to develop the physical, educational, emotional and social skills that are essential for success.

EXPLORING EDUCATIONAL EXPERIENCES

At the Y, we believe the values and skills learned early on are vital building blocks for quality of life and future success.

That's why our before and after-school programs are staffed with people who understand the cognitive, physical and social development of kids, the need children have to feel connected and supported in trying new things and the caring and reinforcement parents and families need to help each other. At the Y, school-age kids make friends, play and have fun, learn new skills and get help with their homework. Most importantly, they learn how to be their best selves. That makes for confident kids today, and contributing and engaged adults tomorrow.

CHARACTER VALUES

We strive to integrate our four core values in everything we do. These values are: caring, honesty, respect and responsibility. We hope to help build these values in the children by serving as an example and encouraging them to exhibit these characteristics in their behavior.
