November 30, 2020

Dear Brentwood Families,

The Brentwood Borough School District was notified today of one confirmed positive COVID-19 case at Elroy Elementary. This brings the total count to three active cases at Elroy elementary within a 14-day rolling period.

Contact tracing and case investigation within the school buildings were not required due to the timing of the new positive case. Today, PDE confirmed the definition of the 14-day rolling period. The 14-day rolling period begins when a positive case first displays symptoms or when an asymptomatic person tests positive. The 14-day rolling period resets when a school closes for cleaning. As a reminder, both Elroy and Moore schools were closed for three days and were cleaned. A new 14-day rolling period will begin again with the reporting of a new positive case.

We remain committed to providing educational, athletic, artistic, and social/emotional opportunities for our students. We are grateful for the support of our families. We will keep families informed of any changes to the schedule or modifications to our Health and Safety plan.

If you would like more information about the updated frequently asked questions, please visit our website at bb-sd.com, select **Departments**, scroll down to the **COVID-19** section, and click the link called **FAQs** updated 10-2-2020.

Sincerely,

Amy M. Burch, D.Ed.

Superintendent of the Brentwood Borough School District
