

INNOVATION EXPO

OTTOVILLE LOCAL SCHOOLS

MARCH 18TH, 2026
07:30 PM - 08:15 PM
Small Gym & Auditoria

About Our Event!

Our 7th grade students have been working hard throughout many classes this school year to research, design, and construct their innovations.

Project Highlights

Research ◀

Students investigated real-world problems and explored innovative ideas to inspire their projects.

Planning ◀

Students developed detailed plans, outlining goals, materials, timelines, and expected outcomes.

Design & Marketing ◀

Students crafted compelling pitches and displays to showcase and promote their innovations.

Construction ◀

Students built and refined their projects through hands-on problem-solving and creativity.
