# When I First Heard of the Covid19 Virus

When I first heard about the Covid 19 virus, I was at school and I heard people talking about it. When I heard about it, I was worried because then that means that the schools would be closed and I won't be able to see my friends or go out anymore. I was also scared because I heard that people were dying because of it.

## When I First Started E-Learning

When I first started E-Learning I was confused because it was something different. It's not something I'm used to because we usually get taught by our teachers in person.

# How I Spent My Days in Isolation

I have been going outside and jumping on my trampoline.

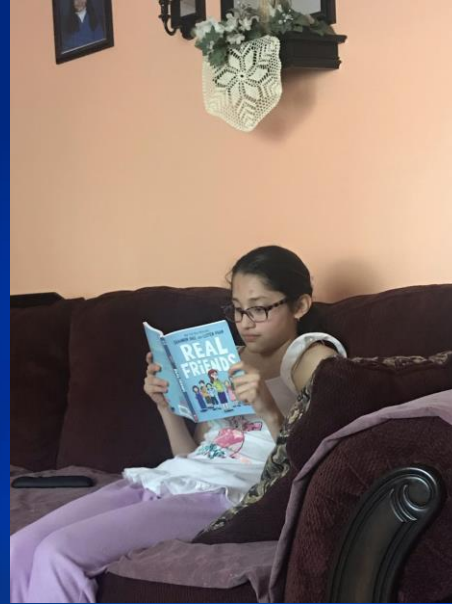

I have also been helping my mom do chores.

# How I Spent My Days in Isolation

I like to watch  
my favorite  
show.

My favorite  
thing to do is  
read.

# How I Spent My Days in Isolation

I really miss my friends so I text them as much as I can.

I also like to listen to music my favorite artist is Arianna Grande.

Sometimes I like to paint my nails.

# How I Spent My Days in Isolation

To pass time I like to play Uno with my family.

When I get really bored I take really long naps to pass time.

I'm not that good at drawing but I have been practicing.
