

UCASD Remote Learners meal kit pick-ups are scheduled on Mondays between 4:00-6:00 p.m. at the MS/HS Administration building. Pick up will be a drive through system, please pull up curbside at the Administration building entrance and remain in your vehicle. A food service staff member will load meal kits into your vehicle. Meal kits are for families who have students enrolled in UCASD remote learning options and have completed the online pre-order process on the UCASD website. The online order form is located under the “Quick Links” section on the home page. When school is not in session on a Monday, the next operating day will be meal kit pick up day. Specific dates will be indicated on the pre-order form.

Pre-orders must be made weekly to receive meal kits. The pre-order form will open every Tuesday with a deadline of every Thursday at 12 p.m. in order to receive meal kits for the following week. Schools will not be able to assist with placing orders over the phone. All meal kit orders must be submitted through the online pre-order form. Families will be able to submit pre-orders starting on August 25th.

Meal kits will include 5 breakfasts and 5 lunches. The to-go meal kits will include items that can be reheated at home. Reheating/storage instructions and a menu will be provided in meal kits. Meal kits are free of charge for all students enrolled at UCASD. At this time we can only serve UCASD students.

If you have any questions regarding Remote Learner’s meal kits please email Krista Byler, District Chef/Foodservice Director at kbyler@ucasd.org.

Wishing everyone a safe and successful 2020-2021 school year!

We are proud to FEED the BEARS!
