

Laboratory Animal Technician Trainee - Part Time (F, S,S)

Link to apply: http://adtrk.tw/tp/rj6_hboBB.e.K

Battelle delivers when others can't. We conduct research and development, manage national laboratories, design and manufacture products and deliver critical services for our clients—whether they are a multi-national corporation, a small start-up or a government agency.

We recognize and appreciate the value and contributions of individuals with diverse backgrounds and experiences and welcome all qualified individuals to apply.

Part Time weekend opportunity with benefits!

JOB SUMMARY

The **Laboratory Animal Technician Trainee** is part of our Clinical Non-Clinical Research division. This is a part-time, benefitted, first shift position (Friday, Saturday and Sunday – 24 hours weekly) with required overtime and holiday hours (if on the weekend). Battelle's Clinical Non-Clinical research Center offers a staff of highly trained scientist and technicians, and state of the art facilities to support our clients' toxicology, safety pharmacology, and inhalation research programs. Our multidisciplinary integrated approach to providing critical solutions for our pharmaceuticals, biotech, agrichemical, industrial, and government clients increases the speed of the development while maintaining quality and compliance. This position is located in **West Jefferson, OH**, but also includes work in **Columbus, OH**.

MAJOR RESPONSIBILITIES

- Performs animal husbandry, collects data, administers test articles, sanitizes equipment, and performs other routine laboratory procedures with a high degree of accuracy.
- Reads assigned SOPs promptly to remain in compliance with regulations and follows all applicable the health and safety requirements.
- Collects and records data manually or electronically and reviews data for quality and accuracy.
- Develops a good working knowledge of laboratory equipment and experimental procedures, applying this knowledge in the performance of assigned laboratory tasks.
- Conducts standard as well as non-standard tasks independently, within a team or under the guidance of more experienced staff.
- Communicates routine research procedures and results to other technicians and study team.
- Assists other technicians and disciplines in completion of daily activities including (but not limited to) cage wash/facilities, inhalation, chemistry, or pathology as needed.
- Trains less experienced staff.
- Recognizes deviations, unusual occurrences, and animal welfare concerns, notifying responsible individuals promptly, and contributes to corrective actions.
- Cross-trains in other tasks within the company.

THE FOLLOWING IS REQUIRED

- High School Diploma, 18 years of age and older.
- 1+ years' experience in a laboratory or animal care environment

- Demonstrated detailed-orientation and organizational skills.
- Demonstrated ability to work well in a team setting within a diverse group as well as individually.
- Must be able to work overtime, weekend, and holiday hours.
- Must be a US Citizen.
- Must be willing to work in a biosafety level 2 (BSL2) and/or 3 (BSL3) environment and able to wear appropriate respiratory protection.
- Must be willing to be immunized with licensed and FDA approved vaccines and medications recommended for persons at risk to occupational exposure of biological agents.
- Must be willing to participate in periodic drug screening.
- Newly hired employees are subject to a 90-day introductory period, during which their performance is evaluated.

Additional requirements may be requested at a future date:

- Ability to obtain/maintain certification in Chemical Personnel Reliability Program and/or Biological Personnel Reliability Program.
- Ability to obtain/maintain DoJ Security Risk Assessment (SRA) approval.
- Ability to obtain/maintain CDC Select Agent Program approval.
- Willingness to receive an X-Ray on the lungs
- Willingness to work with Asbestos

THE FOLLOWING IS DESIRED

- Associates degree or higher.
- 2+ years' experience in a laboratory or animal care environment
- Experience or education in animal husbandry, handling, or science.
- Experience working with small animals
- In-life reproductive toxicology experience.
- FOB or neurobehavioral experience.
- Experience gavaging rodents and other species.
- Experience administering medications to a variety of species via the IM, ID, IN, SC, and/or IV routes.
- Experience assisting in surgery.

LEGAL DISCLAIMER

The above statements are intended to describe the nature and level of work being performed by people assigned to this job. They are not intended to be an exhaustive list of all responsibilities, activities and skills required of staff members. No statement herein is intended to imply any authorities to commit Battelle unless special written permission is granted by Battelle's Legal Department.

BENEFITS

Battelle's competitive benefits program includes comprehensive medical and dental care, matching 401K, paid time off, flexible spending accounts, disability coverage, and other benefits that help provide financial protection for you and your family. Most benefits are effective day one of employment!

As a condition of employment, Battelle will inquire about COVID vaccination status, and in the event that vaccinations are mandated at a work location (including client site and Battelle sites) we expect all candidates to comply with these required safety protocols.

Battelle is an affirmative action and equal opportunity employer. If a reasonable accommodation is needed to participate in the job application or interview process, to perform essential job functions, and/or to receive other benefits and privileges of employment, please contact recruiting@battelle.org.

Battelle provides employment and opportunities for advancement, compensation, training, and growth according to individual merit, without regard to race, color, religion, sex (including pregnancy), national origin, sexual orientation, gender identity or expression, marital status, age, genetic information, disability, veteran-status, or any other characteristic protected under applicable Federal, state, or local law. Our goal is for each staff member to have the opportunity to grow to the limits of their abilities and to achieve personal and organizational objectives. We will support positive programs for equal treatment of all staff and full utilization of all qualified employees at all levels within Battelle.
